

PAXTON BAND INSTRUMENT PROGRAM

Home Concert Assessment Form

Please allow your child to perform a “mini concert” for as many family members as possible. The selection(s) should be something current that the student is working on. Once the student has performed, please fill in this form, sign it, and have the student return it to me at the next band class or forward it to my mailbox at school. Please try to include comments - they have been very useful to me. Hopefully you will see and hear improvement from the last home concert. Again, this is very important for the development of your child’s instrumental music ability. **Please remember to fit playing time in like other activities and to give your child positive support and encouragement on a consistent basis.** If you have any questions, please email me. Visit the band web site for upcoming concerts and resources.

Thank you!
